

MEJI'S FAVORITE QUOTES

"Mein hoo param purakh ko daasa, Dekhan aayo jagat tamasha
I am the servant of the Perfect Being, I have come to see the world play."
- Guru Gobind Singh from The Granth Sahib

"No man ever steps in the same river twice,
for it's not the same river and he's not the same man." ~Heraclitus

"He that would live in peace must not speak all he knows or
judge all he sees." ~Benjamin Franklin

FAVORITE QUOTES BY MEJI

"While I am alive, if I can realize that I am a part of the whole universe that
has been there before I was born and after I die, then that identity never
dies. Therefore I am free of the birth and rebirth cycle. I am eternal as a
part of the eternal cosmos."

"A tree may appear to be independent, but it is most definitely not. It
has so many needs and it interacts with so many other parts of nature.
It is the same with humans. If we recognize our interconnectedness,
we will find peace. The true identity of trees and humans alike is one
of great interconnectedness with the world."

"One's true identity is not only to know yourself, but it's to know your
relationship to others. You don't exploit other people because they
are part of you. This is the major cause of human suffering.
No one is an island in themselves."

In Loving Memory of
RK Janmeja Singh, PhD

Celebration of Life
November 29th, 10am
Chapel of the Chimes
Oakland, CA

Our dear Being, R.K. Janmeja Singh, PhD (aka Meji) has gone home filled with peace and joy. We are left with great sadness for the empty place his November 14, 2023 passing will leave in our lives and we will cultivate his vision to move forward our collective Being, Cosmic Self. Meji was recognized internationally for his work as a groundbreaking Psychologist in the field of Community Mental Health. He was a Mental Health Consultant, an Organizational consultant, a prolific Author, an Advocate for Peace, a Trainer, a Teacher, a Supervisor, a Mentor, a Partner, a Father, a Brother, a Son and a highly dedicated Friend which all signify the vast amount of contributions he made to his various communities and families. And, to those of us who knew him intimately and with whom we served in various roles, he was "Meji" who was an evolving humble human being who loved his daughters, his family, his family friends, his colleagues and those he cared for as part of the collective community. Meji was a central force that brought so many different circles together.

"I am not that alone. Truly I am Aad Sach, Jugadd Such Hai Bhai Such Nanak Hosi Bhi Such. In reality I exited before time, I have existed through the Yugas, I exist now and Nanak says I will be there in the Future!" - Meji's translation

"Everything is in Divine Order, there is nothing outside of it. If one understands this then one does not make Haumain based claims." - Guru Nanak Dev Ji & Meji's translation

"Jeon Jai Mein Jal Jai Khatana Teon Joty Sang Jot Samana."
As water merges into water, so does the soul merge back into where it came from. -Meji's translation
