## *Our Mom, Our Nanny*

Kathy Lynne Sawyer was a truly incredible woman, Mother and Nanny.

She will be known for her kindness, having a big heart, her caring nature and the unique ability to hug your worries away. Her heart was an ocean of love and generosity, touching everyone she met. Her legacy lies in the love she shared and the lessons she imparted. She was the best "Momma and Nanny" anyone could dream of.

Kathy could be seen in her tie-dye shirts or sitting by the pool, enjoying time with her grandkids or with her boyfriend having brunch or watching a game. Our Mom was exceedingly proud of her family, which included her Daughter, Son and 7 grandchildren.

Though her physical presence is no longer with us, her loving spirit will continue to live on through the countless people she has touched. We will forever remember her as the wonderful "Nanny" she was to her "Grandbabies" and the personification of love and kindness she showed to all.
